No realtor in Truckee will work harder than Ellen Grace to find the mountain home of your dreams! When I was looking for a lot to build a weekend cabin on, Ellen found me one of the best buys of the summer. She had me in escrow before other realtors even knew the potential of the property. Trying to coordinate a purchase from the Bay Area, Ellen made many extra efforts to smooth out my purchase of the property. I was so impressed with her work, that I'm currently working with Ellen to find a cabin for my brother. In a competitive niche market like Tahoe, no realtor will go the extra mile like Ellen Grace!
